A word from our happy clients...

"Awesome DJ and great service, we have had Liam DJ at our work xmas party two years in a row and he doesn't disappoint.

A good variety of tunes and some old classics but in my opinion the best part of Liam's repertoire is his range of hip hop old and new school. Would highly recommend!"

- Rebbecca Walsh (Buddle Finlay)

"Jan helped us out with some music at a function we were hosting for some of our clients. Extremely professional and a great choice of music. We wanted some nice background ambience but it was so good everyone started to notice the music. Jan is obviously a pretty talented guy in this field."

- Chris Brett (Rendezvous Hotel)

"Thanks DJ4you! Our conference dinner went amazingly well - So well that they couldn't get rid of us and poor Russell had to stay a bit late! The dancefloor was packed before dessert had even made it out and our delegates had a fantastic time. A certain exec member may have even been seen riding an office chair across the dancefloor to the tune of Ginuwines 'Pony'. Quite a few sore heads on Sunday morning! Loved the photo booth too - We certainly had a few giggles looking through the album today.

Booking process and all communication with you guys was easy and we were so impressed with your service. Several of our delegates have commented that this year's conference dinner was the best yet. Please pass on my thanks again to Russell - he was very patient and accommodating and did an outstanding job.

- Nikki Healy (Hand Therapy NZ)

"We have used DJ4You for two big corporate awards events over the last few years and we are beyond happy with the service. They take care of all the details, nothing is too difficult. We'd definitely recommend Jan and will use his services in future. Thanks from Sarah and the team at STA Travel."

- Sarah Bedford (STA Travel)

"So professional and knowledgeable and helpful and awesome! The whole crew have it all sorted. Took the stress out of my event and I felt super comfortable that I was going to have an awesome night. Lighting, DJ, Sound all Brilliant. Thanks guys."
